Mr. Harry Williams
National Cash Register Company
Dayton, Ohio

Gentlemen:

Several representatives of Section D-2, NDRC, visited Dr. Zworykin's laboratory at Camden where we were very favorably impressed by the advances made in electronic computing devices. It seemed to us that it would be highly advantageous to all the groups working on the problem, if each group could see the work done by the others.

Dr. Zworykin has very kindly offered to demonstrate the RCA equipment on Friday, June 26, at the Camden laboratory.

At that time it is hoped that return visits can be arranged at Eastman and possibly at BTL and NCR, should these appear desirable.

Yours very truly,

George R. Stibitz
Principal Technical Aide,
Section D-2
